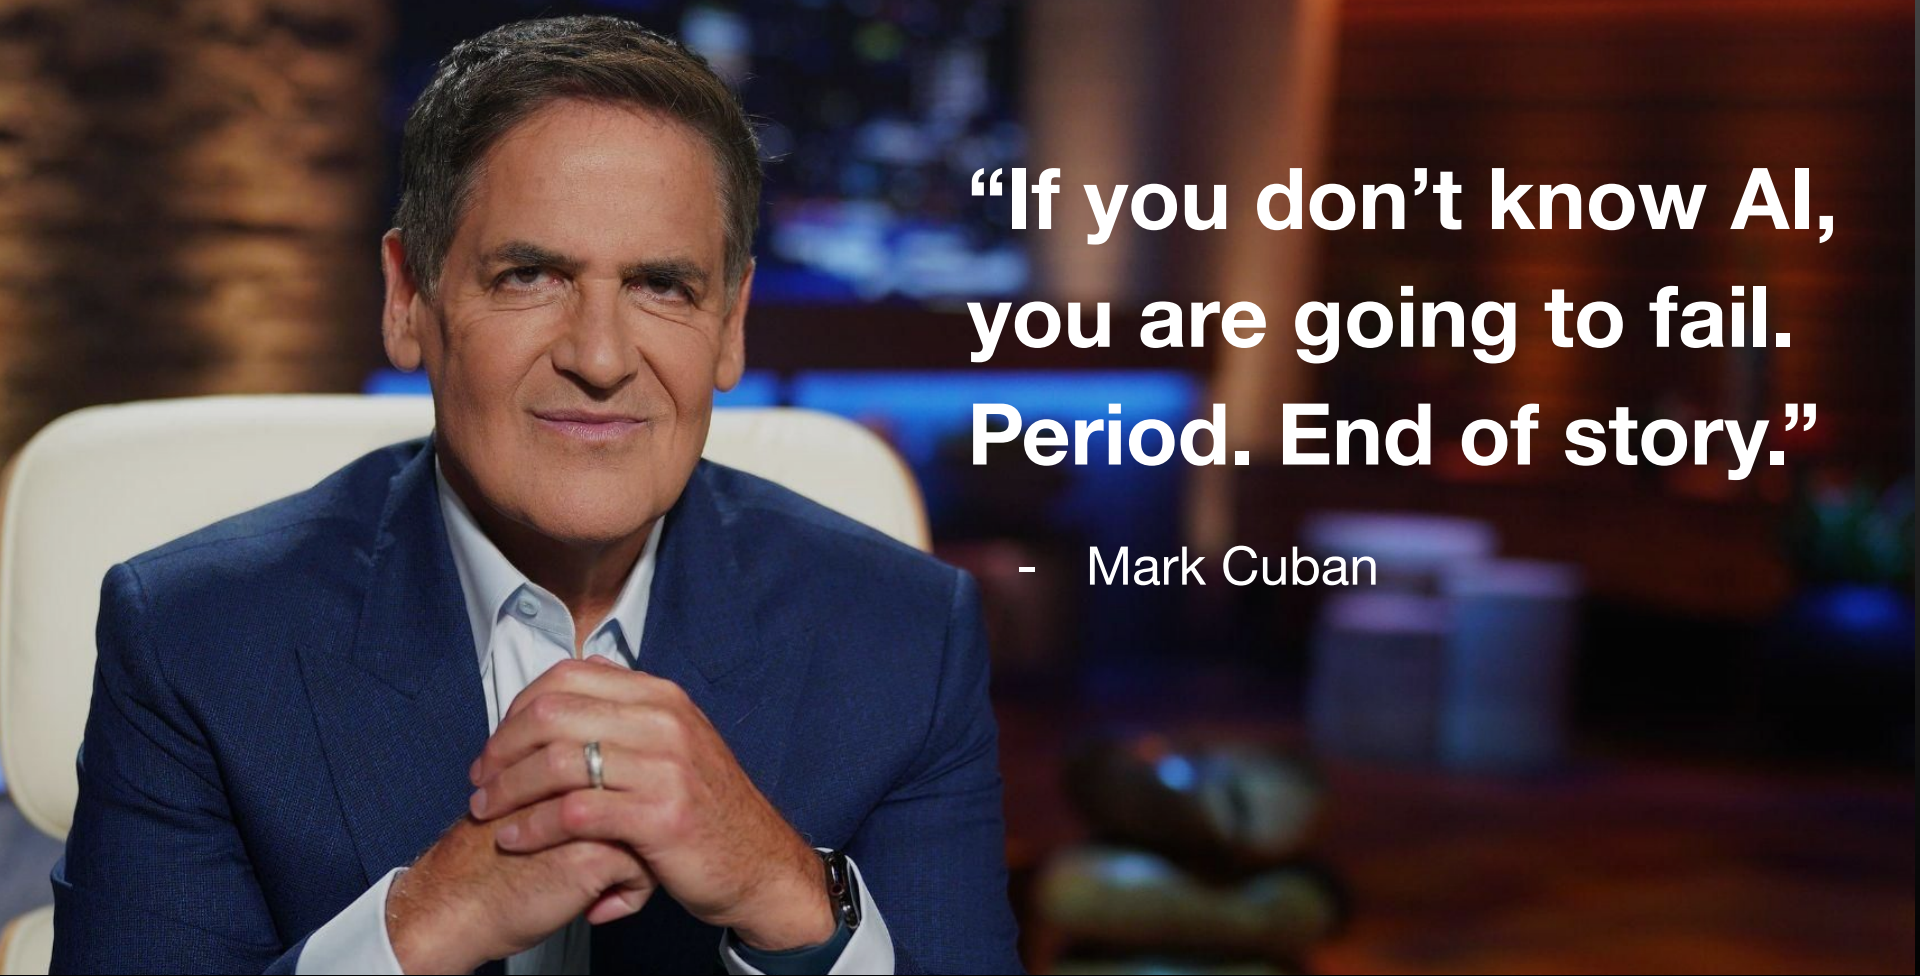
The Next Era of Business

logo



“If you don’t know AI, you are going to fail. Period. End of story.”
- Mark Cuban

logo

The local business of tomorrow leverages AI automation

logo

❌ Without AI Automation

Waits for customer calls or emails

Treats all customers the same

Follows up on leads manually

Bogged down by repetitive tasks

Cannot compete with bigger competitors

Struggles to grow without increasing overhead

logo

✅ With AI Automation

Deploys 24/7 AI chatbots for instant engagement

Customizes customer interactions that feel 1:1

Automated lead follow ups and bookings

Freed up to think strategically or perfect their craft

Effectively competing against larger competitors

Scales services effortlessly with digital tools

logo

❌ Without

No. of Google Reviews: 11
Av. Leads/month: 9
Gross Revenue = $131k
Appointments Booked = 45

✅ AI Automation

No. of Google Reviews: 95
Av. Leads/month: 60
Gross Revenue = $300k
Appointments Booked = 73

How We Work Together

1

Needs & Discovery

We start by understanding your unique business needs, then craft custom AI solutions to address your specific challenges and goals.

2

Integration

Our focus is on seamlessly integrating these AI tools and automations into your current systems, ensuring minimal disruption and maximum utility.

3

Ongoing Support

We don't just set it and forget it. Our team provides continuous optimization and support to adapt to your evolving business needs and leverage new AI advancements.

logo

Next Steps

1

Discovery Call

Let's set up a time to discuss your business needs and how our AI solutions can help meet them.

2

Proposal & Roadmap

We'll present a proposal, including an execution plan, expected outcomes, and investment overview.

3

Sign Contract

This contract will encapsulate all terms of the project, including scope, timeline, costs, and legal agreements.

4

Execution & Training

We'll integrate AI solutions into your systems and provide practical, hands-on training for your team to ensure ease of use and effectiveness.

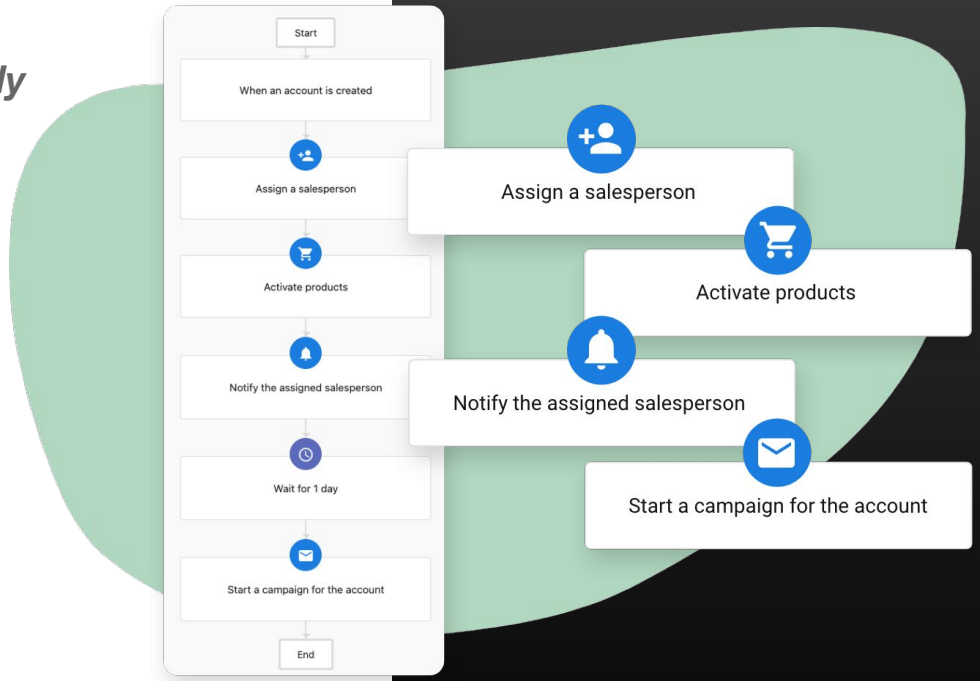
Appendix

logo

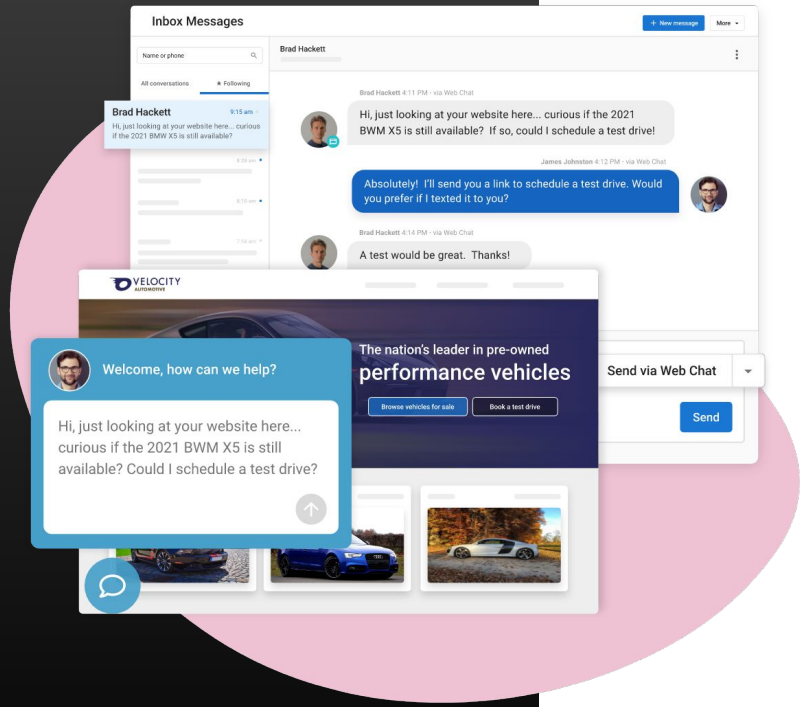
Automations

Keep your business growing—automatically

- Automate routine tasks like data entry, scheduling, and email responses.
- Collect, analyze, and interpret data, providing valuable insights
- Identify and target existing customers with automated offers for additional services or upgrades



logo



AI Chatbot

Capture more leads online

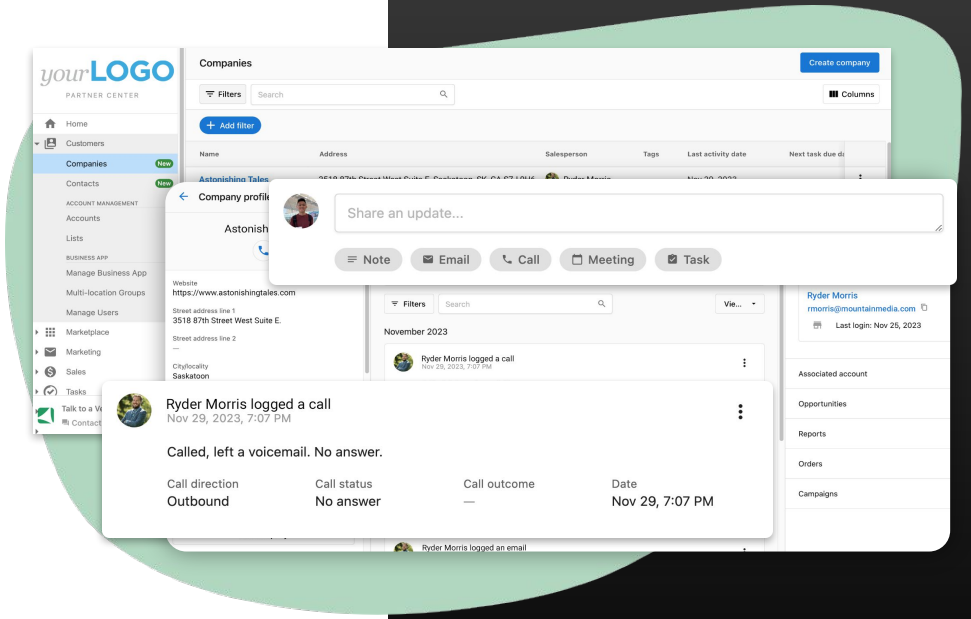
- Let AI trained on your business information intelligently answer questions
- Capture customers' info right from your website
- Communicate through one shared inbox for SMS, GBP Chat, and more

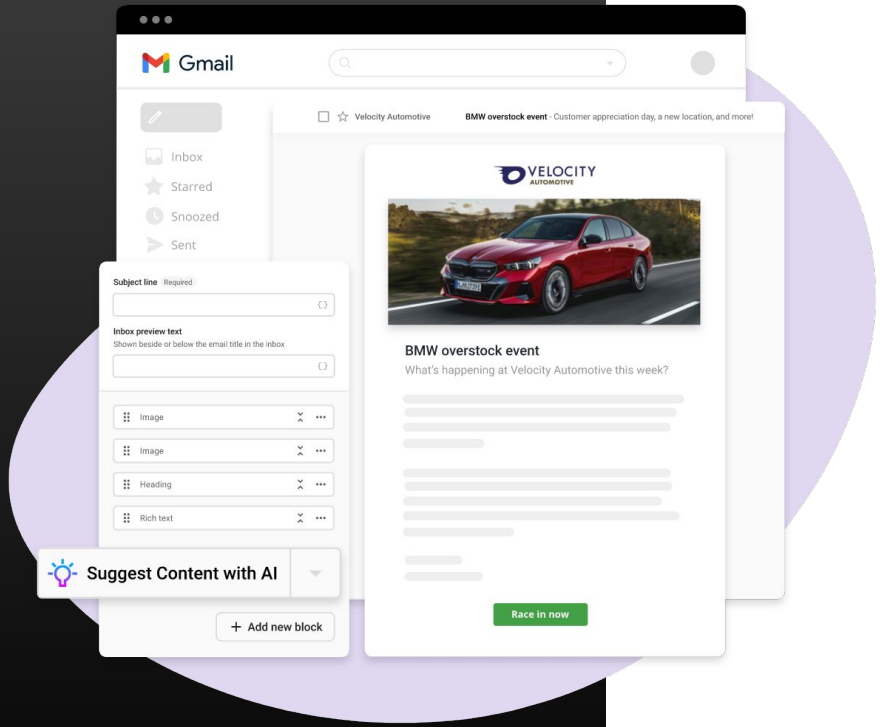
logo

Integrated CRM

Easily own and manage customer data

- Bring in customer data with automated tools or manual entry
- Target customers at scale using filters and sorting
- Store the complete history of customers in the cloud, not your employee's head





Campaigns Pro

Email and SMS marketing made simple

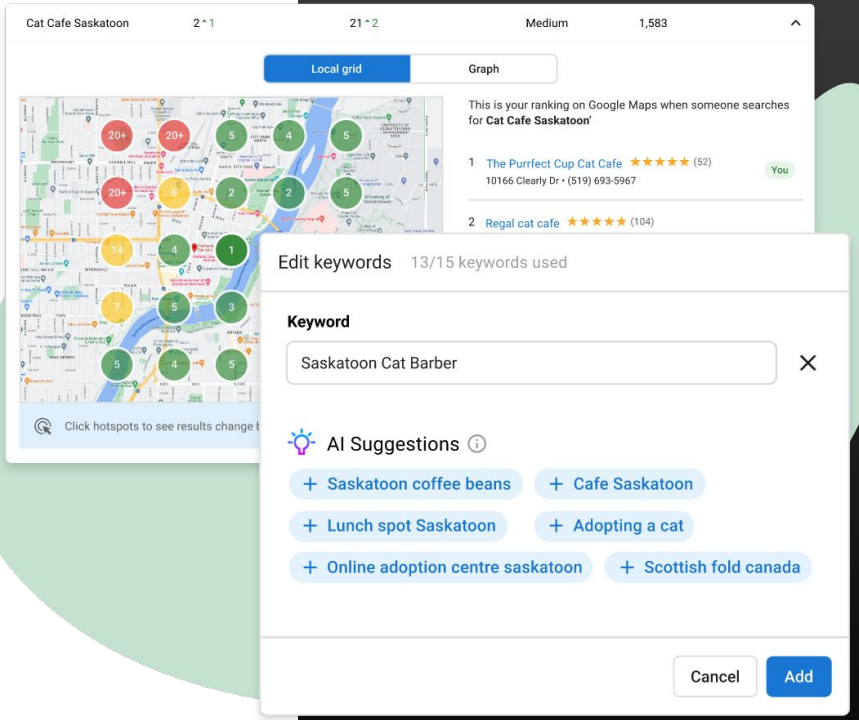
- Generate compelling images and email copy with AI
- Send dynamic emails using customer data
- Build emails that are effective on any device

logo

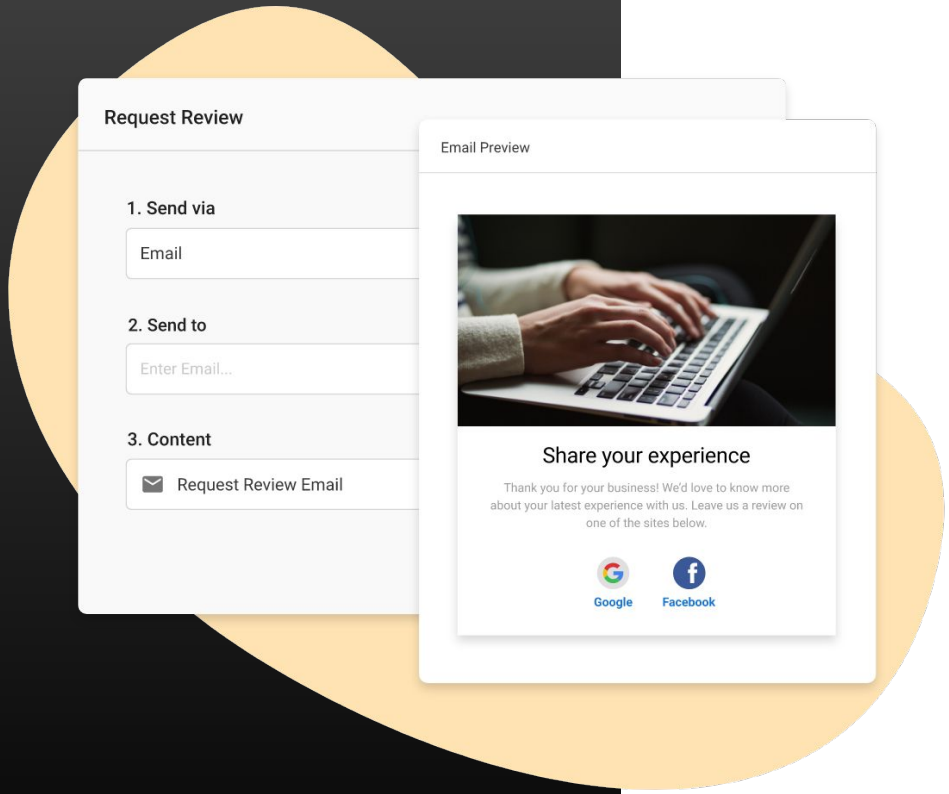
Local SEO

Improve local findability

- Sync business information to key sources using a central source of data
- Build strategies using keyword reporting and AI suggestions
- Show local keyword performance clearly and visually



logo



Reputation Management

Get and manage more reviews

- Build consumer trust by responding to reviews to ensure end-customers are heard
- Efficiently manage reviews at scale with one dashboard to request and respond to all review sources
- Build successful strategies using AI-powered reputation reporting for customer insight

logo

Social Marketing

Engage new and future customers online

- Use AI to generate engaging copy and images for multiple social platforms with one-click
- Draft, schedule, and approve posts using an easy to understand content calendar
- Track reach and engagement across social platforms using one central report
